**F** PALO CON DOPPIA CREMAGLIERA

**I** COPERTURA PALO CREMAGLIERA

1.0

Rilevare H e tagliare i profili (1-2-3) a misura. / Measure H and then cut profiles (1-2-3) to size

2.0

2.1 Posizionare il profilo (1) e verificare che sia allineato. / Place the profile (1) and verify it is aligned.

2.2 Forare il muro e fissare il profilo (1). / Drill the wall and fix the profile (1).

**3.1** Inserire il profilo (2) assemblato nel profilo (1). / Insert profile (2) assembled into profile (1)

**3.2** Regolare i regolatori (11)

e verificare che il profilo (2) sia a piombo. / Adjust the regulators (11) and verify the perpendicularity of profile (2).

**3.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5)

**4.1** Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (11) into profiles (5).

**4.2** Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (11).

**4.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5)

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

5.0

5.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

5.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

⚠ Il profilo a muro può essere montato leggermente inclinato, seguendo il muro non perfettamente a piombo. / Wall profile can even be mounted slightly inclined to follow the wall not perfectly straight

6.0

ATTENZIONE: i due profili orizzontali devono essere allineati per il corretto posizionamento degli altri accessori.

WARNING: the two horizontal profiles must be properly aligned to allow the correct positioning of the other accessories.

Rilevare H e tagliare i profili (6-13) a misura. / Measure H and then cut profiles (6-13) to size.

**7.1** Inserire i giunti (9) e i regolatori (10). / Insert joints (9) and regulators (10).

**7.2** Fissare i giunti (9) nel profilo (6). / Fix the joints (9) into profile (6).

Inserire il profilo assemblato 7.0 come nello step 5.0. / Insert assembled profile 7.0 as done during step 5.0

**8.1** Fissare i giunti (9) nel profilo superiore (4 + 5) ed inferiore (5). / Fix the joints (9) into upper (4 + 5) and lower (5) profiles.

- 9.1** Inserire il vetro nel profilo superiore (4 + 5). / Insert the glass into the profile (4+5).  
**9.2** Appoggiare il vetro sui regolatori (7). / Align and adjust glass on regulators (7).

- 10.1** Infilare il vetro nel profilo (6). / Insert the glass into the profile (6).  
**10.2** Allineare e regolare il vetro con i regolatori (7). / Align and adjust glass on regulators (7).

11.0

**11.1** Inserire il profilo (4) sul profilo (5). / Insert profile (4) on profile (5).

**11.2** Agganciare il profilo (3) sul profilo (2) con clip in dotazione (12). / Hook the profile (3) on profile (2) with supplied clips (12).

12.0

**12.1** Inserire e fissare gli snap (8) nel profilo (5). / Insert and fix snaps (8) into profile (5).

**12.2** Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (8).

**12.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level..

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

13.0

13.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

13.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

14.0

14.1 Inserire il vetro nel profilo superiore (4+5). / Lean the glass on regulators (7).

14.2 Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

15.0

**15.1** Infilare il vetro nel profilo (6). / Insert the glass into the profile (6).

**15.2** Allineare e regolare il vetro con i regolatori (7). / Align and adjust glass on regulators (7).

**!** Non stringere a fondo i grani. / Do not tighten grub screws thoroughly.

16.0

Rilevare H e tagliare i profili (6 + 13) a misura / Measure H and then cut profiles (6 + 13) to size.

**16.0** Inserire i giunti (9) e i regolatori (10). / Insert joints (9) and regulators (10).

**16.1** Fissare i giunti (9) nel profilo (6). / Fix the joints (9) into profile (6).

17.0

Inserire il profilo assemblato 16.0 come nello step 5.0. / Insert assembled profile 16.0 as done during step 5.0

17.1 Fissare i giunti (9) nel profilo superiore (4 + 5) ed inferiore (5). / Fix the joints (9) into upper (4 + 5) and lower (5) profiles

18.0

18.1 Posizionare il profilo (1) e verificare che sia allineato. / Place the profile (1) and verify alignment.

18.2 Forare il muro e fissare il profilo (1). / Drill the wall and fix the profile (1).

19.0

**19.1** Inserire il profilo (2) assemblato nel profilo (1). / Insert profile (2) into profile (1).

**19.2** Forare in corrispondenza dei regolatori (11) e fissare il profilo (2). / Drill in correspondence of regulators (11) and fix the profile (2).

20.0

**20.1** Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (8) into profile (5).

**20.2** Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (8).

**20.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

21.0

21.1 Fissare a soffitto i profili (4 + 5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.

21.2 Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

22.0

22.1 Regolare i regolatori (11) e verificare che il profilo (2) sia a contatto. / Adjust the regulators (11) and verify the profile (2) to be in contact.

**23.1** Inserire il vetro nel profilo superiore (4 + 5). / Insert the glass into the upper profile (4 + 5).

**23.2** Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

**24.1** Inserire il profilo (4) sul profilo (5). / Insert profile (4) on profile (5).

**24.2** Agganciare il profilo (3) sul profilo (2) con clip in dotazione (12). / Hook the profile (3) on profile (2) with supplied clips (12).

1.0

- 1.1** Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (8) into profile (5).
- 1.2** Agganciare il profilo (4) sugli snap (8). / Hook the profile (4) on snaps (8).
- 1.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

2.0

- 2.1** Fissare a soffitto i profili (4+5) assemblati. / Fix assembled profiles (4 + 5) to ceiling.
- 2.2** Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

⚠ Scegliere fissaggio adeguato al tipo di muro / Select the proper fixing process according to wall.

 Verificare che la guida venga fissata a filo del profilo. / Verify the pin to be flush fixed with profile

3.0

**3.1** Inserire la base (9) nel profilo superiore (4+5). / Insert the pin (9) into upper profiles (4 + 5).

**3.2** Inserire la base (9) nel profilo inferiore (5). / Insert the pin (9) into lower profile (5).

**3.3** Fissare la base (9) nel profilo inferiore e superiore. / Fasten the pin (9) to upper and lower profile.

 Verificare che la guida venga fissata a filo del profilo. / Verify the pin to be flush fixed with profile.

4.0

**4.1** Inserire la pinna (10) nel profilo (3). / Insert pincer (10) into profile (3).

**4.2** Assicurarsi che la pinna (10) sia a filo del profilo (3). / Ensure the pincer (10) to be flush to the profile (3).

5.0

- 5.1** Inserire il vetro nel profilo superiore (4+5). / Insert the glass into the upper profile (4 + 5).  
**5.2** Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

6.0

- 6.1** Agganciare il profilo assemblato (3) sulla base (9). / Hook assembled profile (3) on the pin (9).  
**6.2** Allineare e regolare il vetro con i regolatori (7). / Align and adjust the glass on regulators (7).

7.0

**7.1** Inserire il profilo (4) sul profilo (5). / Insert the profile (4) on profile (5).

✓ Verificare che l'estremità del profilo sia installato sia perfettamente verticale con quella del profilo a pavimento. Per tale applicazione si raccomanda l'utilizzo della livella laser. / Ensure the end of vertical installed profile to be perfectly perpendicular to floor profile. For this operation it is recommended the usage of laser level.

⚠ Scegliere fissaggio adeguato al tipo di muro. / Select the proper fixing process according to wall.

8.0

**8.1** Fissare a soffitto i profili (4 + 5) assemblati. / Fix profiles (4 + 5) to ceiling.

**8.2** Fissare a pavimento il profilo (5). / Fix profile (5) to floor.

- 9.0**
- 9.1** Inserire e fissare gli snap (8) nel profilo (5). / Insert and fasten snaps (8) into profile (5)..
  - 9.2** Agganciare il profilo (4) sugli snap (8). / Hook profile (4) on snaps (8).
  - 9.3** Inserire regolatori (7) nel profilo (5). / Insert regulators (7) into profile (5).

- 10.0**
- 10.1** Inserire la base (9) nel profilo superiore (4+5). / Insert the pin (9) into upper profile (4 + 5).
  - 10.2** inserire la base (9) nel profilo inferiore (5). / Insert the pin (9) into lower profile (5).
  - 10.3** fissare la base (9) nel profilo inferiore e superiore. / Fasten the pin (9) to upper and lower profiles.

 Verificare che la guida venga fissata a filo del profilo. / Verify the pincer to be flush fixed with profile.

11.0

**11.1** Inserire la pinna (10) nel profilo (3). / Insert the pincer (10) into profile (3).

**11.2** Assicurarsi che la pinna (10) sia a filo del profilo (3). / Ensure the pincer (10) to be flush to the profile (3)

12.0

**12.1** Inserire il vetro nel profilo superiore (4 + 5). / Insert the glass into the upper profile (4 + 5).

**12.2** Appoggiare il vetro sui regolatori (7). / Lean the glass on regulators (7).

- 13.1** Agganciare il profilo assemblato (3) sulla base (9). / Hook assembled profile (3) on the pin (9).  
**13.2** Allineare e regolare il vetro con i regolatori (7). / Align and adjust the glass on regulators (7).

- 14.1** Inserire il profilo (4) sul profilo (5). / Insert profile (4) on profile (5).

15.0

Prima di andare a fissare il profilo (1), verificare che il soffitto sia idoneo per l'installazione del sistema scorrevole. / Before to fix profile (1) to floor, verify the ceiling to be suitable to the sliding system.

 Scegliere fissaggio adeguato al tipo di muro/ Select the proper fixing process according to wall.

16.0

**16.1** Fissare a soffitto il profilo (1). / Fix profile (1) to ceiling.

**16.2** Inserire gli scorrevoli (6) e gli attivatori (15). / Insert sliding trolleys (6) and activators (15).

⚠ Scegliere fissaggio adeguato al tipo di muro / Select the proper fixing process according to wall.

17.0

**17.1** Posizionare e fissare a pavimento la guida (13). / Place and fix the floor guide (13).

18.0

**18.1** Inserire la porta assemblata nella guida inferiore (13). / Fit the assembled door into the floor guide (13).

**18.2** Avvicinarsi e inserire la staffa nel bullone dello scorrevole. / Approach and fasten the bracket into the sliding trolley's bolt.

19.0

**19.1** Inserire il bullone nella staffa. / Insert the bolt into the bracket. **19.2** Assicurarsi che la sicura sia correttamente chiusa. Funge da antiganciamento. / Ensure that safety flange is properly tight as it works as anti-unhooking system.

**19.3** Regolare in altezza la porta tramite il bullone. / Adjust in height the door acting on the bolt.

20.0

**20.1** Agganciare il profilo di copertura (2) tramite l'apposita clip (12) sul profilo (1). / Hook the cover profile (2) by using specific clip (12) on profile (1).

21.0

**21.1** Agganciare i tappi laterali (14) sul profilo (1 + 2). / Install lateral end-caps (14) on profiles (1 + 2).
